

ASUD 1875 Open

Spring Loaded Pivots

Doors are fitted easily with the help of pivots on the base support plate and spring loaded pivots on the top support plate.

- ▶ Lockable doors for panda shelving systems are available in two heights of 1275mm and 1875mm only.
- ▶ These doors are powder coated in the same color as per the shelves and roll posts to make it uniform in appearance.
- ▶ Lockable doors secure and protect the stored contents from dust, damage and theft.
- ▶ Doors are modular in nature and can be added to the existing shelving systems.
- ▶ Doors can be used with add on shelving units and can only be fitted on every alternate bay of shelving unit .
- ▶ Doors can also be used on back to back add on shelving units.
- ▶ Doors are pivoted on two lintels, top lintel is mounted in line with the top shelf, the bottom lintel is mounted on the base level of the shelving unit due to which the usable height in the shelving system gets reduced .

Parallel To Roll Post

Doors are flush mounted and pivot on the axis which is parallel to the diameter of the roll post. When Doors are opened there is clear access to the full width of the shelves. All material stored on the shelves or all the bins are easily accessible .
